

R. C. ROBINSON & CO.,

Liberty, S. C.

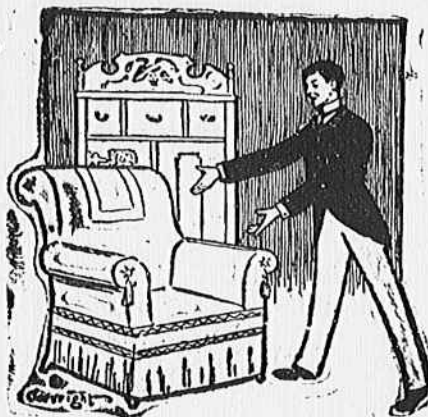

Have one of the completest and most up-to-date lines of

General Merchandise

Ever brought into the up-country. This stock has been bought right and will be sold the same way. Every article in our store has been carefully selected and personally inspected and we back up our goods with our personal guarantee. Our claim, which is no idle boast, is that we have a better selection of General Merchandise--More real WORTH in them--(Quality rather than Quantity being our motto) and at a closer profit--than the "other fellow." You know this firm; it is composed of T. N. Hunter, P. O. Wilson, J. F. Williams and R. C. Robinson, all men of integrity and business accumen, who would not do business under misrepresentation.

We have just added a complete line of

Fine Furniture

Which we are now opening up for your inspection. The line embraces full suits, odd pieces, sets, beds, chairs, sofas, tables, etc. You can find here what you want and in any quality and price. We especially invite you to inspect this line. It is one of the swellest and biggest shipments ever brought to Liberty. The Quality is unsurpassed and the prices are extremely reasonable. All we ask is that you give this line a look.

Our line of this comprises anything you want. All the weaves, every fashionable color--In fact you cannot beat this line in any city. Call and look it over. If you do not buy a dress pattern here it is because you do not want a dress. There is no use for us to go into rhapsodies over these goods, they are here to speak for themselves and they talk in loud and no uncertain tones. We have plenty of trimmings to match.

Our line of Dry Goods and Notions is complete in every particular and the

ladies can find here a fine line of accessories so necessary to a complete toilette.

Hardware.

Here is a line of stuff we are particularly strong on. We have bought this line to fill a "long felt want" and here you will find anything that is usually carried in a first-class hardware stock. Don't take our word for it but come in and see for yourself, you will be surprised at the stock.

Clothing, Hats and Gents' Furnishing Goods.

Now here is a line we are particularly proud of. If there is a line we love to sell or know anything about, it is clothing--good Clothing--and we have taken particular pains in the buying and selecting of this line. Our Mr. Robinson has sold clothing for many years and has made it a particular study, and he is qualified to judge cloth, when he sees it, and what he tells you about clothes can be relied on. Nobby patterns and the latest styles. Good values for the prices we have put upon them. You cannot do better than inspect this line and buy your Spring suit here. We will treat you right and we know that our line is ALL RIGHT. Nuf Sed.

Some of Our Specials:

We offer you the best Flour you ever bought at Best Fancy Patent for 5.35, full patent for 4.75.

We have a nobby line of hats. In our "Beaver" Brand of hats at \$3.00, we offer you a good hat, one that we will guarantee in every particular and one that will wear with any 5.00 Stetson you ever bought. We have this line in all colors, shapes and sizes.

We are agents for a special line of tailor made clothing, that for quality, workmanship, finish and material cannot be beat. The prices run from \$12.00 up.

We are particularly strong on our line of shoes and we guarantee them to wear well and to be all leather or we will give you a new pair. Aint this fair? We could go on quoting low prices and offering special bargains, but there is no use to take up space this way. Just remember that if it can be had we've got it and the price is right.

Every Step in CRADDOCK SHOES Is A Step "On The Level"

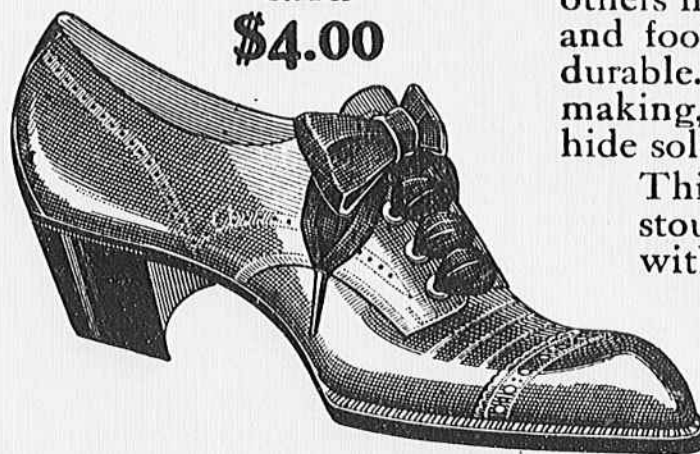

Competition doesn't always make men square. Cutting corners is a quick way to one kind of success. Craddock-Terry Co., who make the wonderful Craddock Shoe, are undermining

short cut successes by building the squarest shoe that is sold to-day. The very simplicity of this method is responsible for the wonderfully remarkable way that the Craddock Shoe has jumped into favor. You will quickly recognize the dollar value in the Craddock Shoe. But you are not the only one. In four short years the Craddock Shoe has swept the entire south. It is outselling shoes that have been known for thirty and more years.

All Leathers

\$3.50 and \$4.00

It is impossible to beat the Craddock Shoe for style and for the varieties of good styles in this line. It is impossible to find a truer foot form or more comfortable shoes. Other shoes have style, and still others have comfort, but, in addition to eye pleasing and foot pleasing qualities, the Craddock Shoe is durable. It is honest in every department of shoe making, from the tough old-method-tanned steer's hide sole to the last wipe of the finishing cloth.

This shoe is so thoroughly made, of such fine stout leathers, that the makers say and we say, without contradiction, "The Craddock Shoe will wear thirty days longer than any other shoe at the same price."

All leathers \$3.50 & \$4.00

Nobby Shoes for the Whole Family

Don't take the above "cut" to mean that we have shoes only for the men folks. We have Shoes for the WHOLE FAMILY. Our line for the Grandpa, Grandma, Father, Mother, Boy or Girl is complete in every particular and embraces all sizes, prices and qualities. In buying this line we considered everything, and bought to suit the purse. We have a line of high price, medium price and low price stuff--all good--and bought to suit every person needing a dress shoe or a work shoe. If you need any shoes at all, of any description, here is the place and now is the time to get them.

Country Produce.

Do not forget that we buy all kinds of country produce, and that we pay the highest market prices in cash, for same. Bring your stuff to us. We will buy it and pay you cash for it. We won't ask you to trade it out. You can trade anywhere you please. But remember we will treat you right and give you just as much, or a little more for any barter you may have, than any body in the country. Don't take our word for this but try us and see.

We thank you for the very liberal patronage given us in the past and hope for a continuance of same in the future. Our motto is good goods, cheap prices and fair treatment to all. When we cannot live up to this motto we will go out of business.

All we ask is that you call and inspect our lines, get our prices, and if we can't sell you then, the fault's ours. Yours to please,

R. C. Robinson & Co.

"The Leading Merchants of this Section."
